

Bernard Betel Centre Chiropody Clinic

Patient Checklist

Before Your Appointment:

- Read the Chiropody Policy and Chiropody Clinic Brochure so you have a full understanding about the services we provide, and our late arrival, no show and cancelation policies.
- Remove nail polish on toenails. The chiropodists will not be able to file your nails if nail polish is present and you may be asked to reschedule your appointment.
- Bring a friend or family member to accompany you if you need assistance with translation or mobility.

During Your Appointment:

- Please wait in the waiting room until the chiropodist is ready to call you in. Do not knock on the chiropodist's treatment room door to announce your arrival.
- Bring friend or family member if you need assistance with translation.
- Inform the chiropodist if you have any allergies.
- Let the chiropodist know if you are being treated by other doctors or chiropodists, or have done any treatment or foot care at home.
- Each appointment is 15 minutes long. If your needs exceed what can be done in 15 minutes, the chiropodist will refer you to a private clinic in the area.

After Your Appointment:

- Schedule your next Chiropody appointment with the receptionist or call 416-225-2112, ext. 131 to book your next appointment.
- Contact the Chiropody Clinic if you have any questions or concerns after your appointments.
